Candidates will **NOT** be allowed to use the following:

- a ruler, a calculator, scrap paper, a protractor, mobile phone, smart watches, any potential technological or web enabled sources of information, recording equipment or study notes.

Answering the questions

- All answers are to be completed on the **separate answer sheet**. Answers should **not** be written on the question booklet.
- Mark your answer by drawing a line clearly across the appropriate box.
- Mark only one answer for each question. The right and wrong ways to answer the questions are shown below:

<p>The RIGHT way to mark your answers on the answer sheet</p>  <p>is the RIGHT way</p>	<p>The WRONG way to mark your answers on the answer sheet</p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>is the WRONG way</p> </div> <div style="text-align: center;">  <p>is the WRONG way</p> </div> </div> <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>is the WRONG way</p> </div> <div style="text-align: center;">  <p>is the WRONG way</p> </div> </div>
--	---

- The right way to mark your answer sheet, as shown above, is to draw a straight line all the way across the box. It is important that you do not mark your answers in any other way as the computer will only be able to scan an answer which has been marked in this way.
- Candidates will be given a reminder of the right way to mark their answers at the top of their answer sheet.
- Always use an HB pencil to answer the questions. Rub out any errors, do not cross them out.
- Candidates can use the question booklet for rough working, but should not write any working out on the answer sheet.
- Candidates should attempt to answer as many questions as they can. If they find a question that they cannot answer, they should move on to the next question until they reach the end of the section.
- If there is time left at the end of a section, candidates should go back and answer any questions they have missed, but within that section only.

Candidates can use the example answer sheet on page 6 to answer the following questions.
