# Instructions

You **may** use a calculator to answer any questions in this test.

Work as quickly and as carefully as you can.

You have **45 minutes** for this test.

If you cannot do one of the questions, **go on to the next one**.  
You can come back to it later, if you have time.

If you finish before the end, **go back and check your work**.

**Follow the instructions for each question carefully.**

This shows where you need to put the answer.

If you need to do working out, you can use any space on a page.

**Some questions look like this:**

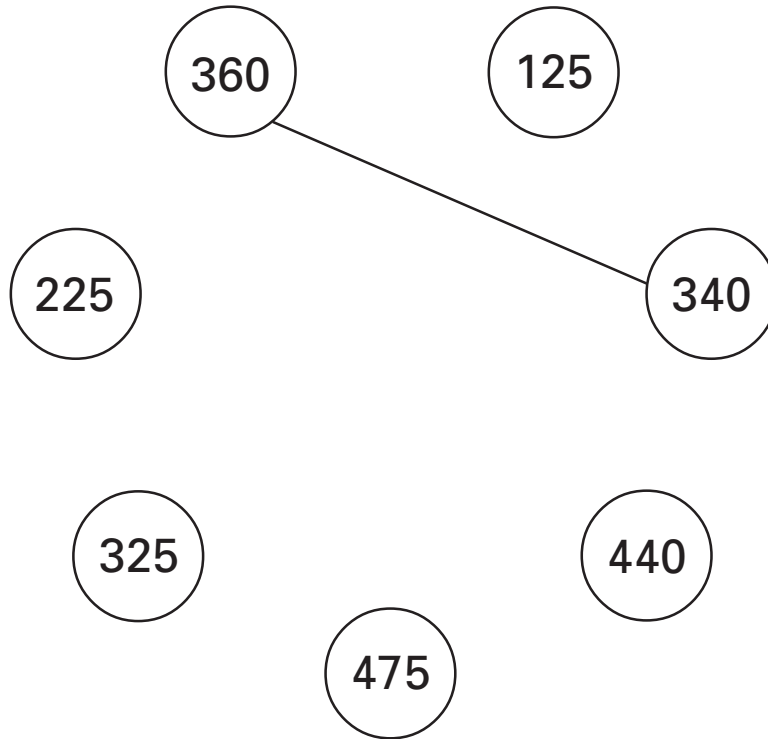

Show  
your **method**.  
You may get  
a mark.

A diagram illustrating a question layout. It features a large rectangular box for working out. To the left of this box is a speech bubble containing the text 'Show your method. You may get a mark.' with an arrow pointing towards the box. To the right of the large box is a smaller, empty rectangular box, likely for the final answer.

For these questions you may get a mark for showing your method.
